# Saif Group of Companies

<http://www.saifgroup.com>

Saif Group of companies is one of the largest conglomerate and multinational firm established in many countries around the world. To revamp their brand image and identity they embarked on revising their current website and selected ESOLPK to do this important task. This website will provide the detail information of products and services they offer. The site has been developed in two versions 1) Static HTML 2) Flash. The site can be viewed at [www.saifgroup.com](http://www.saifgroup.com)

*We have a long term relationship with ESOLPK. This is our third time, we have approached ESOLPK for their website development services. The job was to redesign our current website and transform it into a world class corporate website. They did the job as per our expectations. We strongly recommend ESOLPK since its services; design capability and customer focused attitude makes it a first choice as a strategic associate for a long and successful business relationship.*
